

WHAT YOUR INVESTMENT CAN DO

For over eighty years, United Way of the Mid-Willamette Valley has built bridges to the community that focused on developing resources for nonprofits. Today, we reach for higher outcomes, address wider gaps, and cultivate a culture of collaboration and partnership to assure consistent and tangible impact. When you give to United Way on a monthly basis, you are helping more than one person, or one charity, you are contributing to our effort to make real, lasting change in our community.

Dedicated to this effort, we work together with businesses, government, schools, faith groups, community members, and other nonprofits, because it takes the whole community to achieve the kind of results we need. This is where you come in - put us to work for you and let us put your passion into action. **Just raise your hand.**
