

WHAT A DOLLAR BUYS.

LIVE UNITED

When you give to United Way, you are helping more than one person, or one charity, you are contributing to the effort to make real, lasting change in our community. Every gift is important, and with your help, we are committed to building lasting change on the impact of childhood poverty, on building capacity for our area nonprofit community and on stepping up for emergent needs in Yamhill County. Put us to work for you and let us put your passion, in to action.
